Waterford Viking Triangle is the cultural and heritage quarter of Ireland's oldest city where the Vikings first settled in 914 A.D.

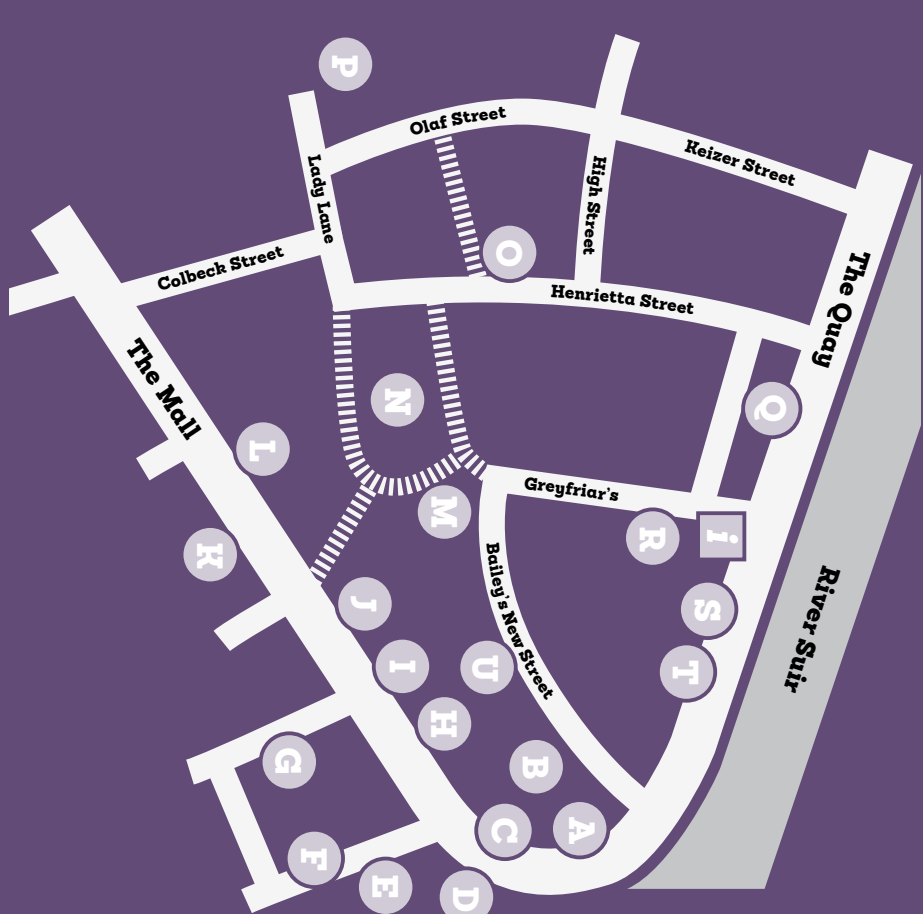

The cultural and heritage attractions embrace nine national monuments including 13th & 15th century undercroft's which are open to visitors and three world class museums: Viking, Medieval and Georgian. The Viking Museum is housed in Reginalds Tower the oldest civic urban structure in Ireland.

Tranquil and charming, the quarter is characterised by narrow streets, historic architecture and atmospheric public spaces. Home to the global brand Waterford Crystal since 1783, the retail store showcases the world's largest collection of Waterford Crystal.

Over 1,000 years of history unfold in just 1,000 paces in this authentically charming location.

## Did you know?

**Ship to Shore...The 'Brian Boru' to set sail this summer!**

The moment you step on board this vessel you can feel the solid reassurance of many tons of prime timber beneath your feet. Now, with tall masts, booms, gaffs, bowsprit of solid douglas fir, and steel wire rigging installed, the transformation of this traditional fishing vessel to a passenger carrying ship was completed at the start of 2015. The Brian Boru will be birthed for the duration of the summer at Waterford City Marina in the heart of The Viking Triangle.

The initial inspiration to renovate, restore, and convert this vessel to traditional sail, came to master craftsman Tony McLoughlin who was struck by the sheer beauty of this classic wooden Rignetter birthed in the fishing harbour of Dunmore East, Co. Waterford. Convinced about the sustainability of finding a new life for this beautiful wooden vessel, he immediately envisaged this solid, yet elegant and perfectly sized sailing ship working the estuarine river system of Waterford, Kilkenny, Wexford, and along the coast. And so, the process of transformation began.

Scheduled service voyages are of 1 hour duration. Passengers are welcomed on board, the vessel is cast off, & weather permitting, foresails and the mizzen are hoisted. As the vessel glides down the river some historical and wildlife discussion will be offered as part of the voyage package. Longer voyages with a more specific purpose are available including; sailing experience; promotional shoots; breakfast/dinner; stargazing; school trips; corporate; and for those not wanting to set sail, stationary use on the Marina.
